The Commonwealth of Massachusetts.

OFFICE OF THE SECRETARY, BOSTON, Jan. 16, 1922.

*To the Honorable Senate
and the House of Representatives.*

I have the honor to submit herewith, in compliance with section 133, chapter 54, General Laws, as amended by section 7, chapter 209, Acts of 1921, a report of the number of assessed polls and the number of registered voters in each city and town at the date of the last city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, together with the number of votes received by each candidate for nomination and for election for a State office.

In further compliance with the law above quoted, I submit the following recommendations:—

1. Article XLV, Amendments to the Constitution, provides that the General Court shall have power to provide by law for voting by qualified voters of the Commonwealth who, at the time of an election, are absent from the city or town of which they are inhabitants, in the choice of any officer to be elected, or upon any question to be submitted at such election. I respectfully recommend that the provisions of said Article XLV be extended to include qualified voters who, by reason of physical disability, are unable to vote in person.

2. I recommend for the consideration of the General Court the advisability of providing, under the provisions of Article XVII, Amendments to the Constitution of the United States, that in cases of vacancies in the office of United States Senator the Executive be empowered to make temporary appointment until the people fill the vacancies by election.

3. The question so frequently arises as to the exact names certified by the registrars of voters on nomination papers that I rec-

commend amendments to the law requiring registrars to check thus ✓ against the names on nomination papers to be certified by them, and to certify only to the names so checked, and that only the names so checked shall be deemed to be names of qualified voters for the purposes of nomination.

4. There appears to be no direct provision requiring registrars of voters to give, on the day of a primary or caucus, to a voter whose name has been omitted from the voting list or in whose name and residence a clerical error has been made, a certificate for voting purposes, and I recommend that the provisions of law applying to elections in such cases be extended to include primaries and caucuses.

5. Section 77 of chapter 53 of the General Laws provides that "no person shall vote or take part in a caucus whose name does not appear upon said lists, unless he presents to the presiding officer of the caucus the certificate provided for by said section." As there is no certificate provided for by "said section", I recommend that said section 77 be amended by striking out the word "said", in the last line, and inserting after the word "section", in the same line, the words: — fifty-nine of chapter fifty-one.

6. Section 44 of chapter 51 of the General Laws provides that the "Registrars shall be provided by the state secretary with a copy of the constitution of the commonwealth printed in English on uniform pasteboard slips, each containing five lines of said constitution printed in double small pica type." As the size type corresponding with that of double small pica is not now in use, I suggest that the words "double small pica type", in the ninth and tenth lines of said section 44, be stricken out, and that there be inserted in place thereof the words: — type of a size not less than twenty-four point.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW.

Special elections were held to fill vacancies in the sixth Congressional District, the fourth Berkshire and third Essex Representative Districts during the fiscal year ending Nov. 30, 1921.

Under the provisions of chapter 55, General Laws, there were received from candidates for nomination a total of 13 returns. There were 3 returns of no payments, 1 of payment to a political committee, and 9 of payments other than to political committees.

There were received from candidates for election a total of 5 returns, of which 1 was a payment to a political committee, 2 were returns of no payments, and 2 were of payments other than to political committees.

Total expenditures for nominations as shown by returns	. . .	\$3,512 72 ¹
Total expenditures for elections as shown by returns	. . .	662 35
		<hr/>
Grand total	\$4,175 07

There were also received from the treasurers of political committees 21 returns, and 3 certificates stating that the aggregate receipts and disbursements did not exceed \$20.

The net receipts were	\$38,105 98 ²
The net expenditures were	33,220 94 ²
The total balance unexpended was	4,885 04
The total liabilities were	6,786 51

Respectfully submitted,

FREDERIC W. COOK,

Secretary.

¹ Of this amount, \$2,000 was returned by candidates as paid to political committees.

² The gross amount returned by committees as receipts was \$39,006.93, and as disbursements, \$34,121.89. Of these amounts, \$900.95 was returned both as receipts and disbursements by more than one committee.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows: —

First. — The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. — The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third. — Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.

Mass. Secretary of the Commonwealth

Oct. 25 1972

The Commonwealth of Massachusetts

OFFICE OF THE SECRETARY, BOSTON, Jan. 20, 1923.

To the Honorable Senate

and the House of Representatives.

I have the honor to submit herewith, in compliance with section 133, chapter 54, General Laws, as amended by section 7, chapter 209, Acts of 1921, a report of the number of assessed polls, the number of registered voters at the date of the last biennial State election and city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, together with the number of votes received by each candidate for nomination and for election for a State office, and for election for a State committee.

In further compliance with the law above quoted, I submit the following recommendations:—

1. Article XLV of the Amendments to the Constitution provides that "The general court shall have power to provide by law for voting by qualified voters of the commonwealth who, at the time of an election, are absent from the city or town of which they are inhabitants in the choice of any officer to be elected or upon any question submitted at such election." With the knowledge that many unfortunate persons duly registered are deprived of their right to vote because of physical disability which prevents them from going to the polling places and voting in person, I respectfully renew my recommendation of last year that the provisions of said article be extended to include qualified voters who by reason of physical disability are unable to vote in person.

2. Article XLVIII of the Amendments to the Constitution, General Provisions. IV. Information for Voters, provides that "The secretary of the commonwealth shall cause to be printed and sent to each registered voter in the commonwealth the full text of every measure to be submitted to the people, together with a copy of the legislative committee's majority and minority reports, if there be

such, with the names of the majority and minority members thereon, a statement of the votes of the general court on the measure, and a description of the measure as such description will appear on the ballot; and shall, in such manner as may be provided by law, cause to be prepared and sent to the voters other information and arguments for and against the measure."

A compliance with the above provisions has developed the fact (evidenced by many complaints to this office) that the information for voters therein provided for — notably the last edition published — was cumbersome, misleading and unintelligible, inasmuch as the full text of chapter 427, Acts of 1922 (comprising twenty-seven sections), was published, followed by the views of a minority of the committee on legal affairs, permitting no opportunity for the proponents to advise the voters as to their views.

I respectfully suggest for the consideration of the General Court the importance of providing that the information sent to voters shall give a brief but comprehensive statement of the provisions of every section of each measure submitted to the voters, prepared by the Attorney-General, and that the report of the committees shall not appear unless arguments both for and against the measure are submitted by them.

3. In order to protect the public from prejudicial, unfair or misleading criticism of a political party or candidate thereof, I respectfully suggest for the consideration of the General Court the importance of legislation to prohibit other than a duly elected political committee from using in its organization name the name of a political party in any circular, advertisement or publication.

4. General Laws, chapter 53, section 19, provides that when a question under said section is submitted to the State Secretary, he shall determine if such question is one of public policy, and if he shall so determine, he shall draft it in such simple, unequivocal and adequate form as he shall deem best suited for presentation upon the ballot. As the performance of these duties by the State Secretary is liable to involve legal questions requiring an opinion of the Attorney-General, I recommend that these duties be transferred from the State Secretary to the Attorney-General.

5. Under the present law (chapter 54, sections 11 and 13) election officers are so appointed that their term of office begins September 15.

In order that such election officers may be appointed sufficiently early to permit them to act in the State Primaries, I suggest the advisability of providing that their term of office shall begin September 1.

Section 14 of said chapter provides that if a vacancy in the number of election officers occurs before September 20 in any year, or in a city after November 1 and one week at least before the annual city election, or if an election officer declines his appointment and gives notice thereof to the city or town clerk by September 20, the mayor or the selectmen shall fill the vacancy. I recommend that the law be amended so as to permit the filling of a vacancy occurring at any time.

6. General Laws, chapter 56, section 13, provides a penalty for unlawfully signing a certificate of nomination or nomination paper, or letter of withdrawal. In view of the numerous complaints that initiative petitions and petitions for the submission of questions to the voters are frequently unlawfully signed, I respectfully recommend that the same penalty be applied to such unlawful signing.

7. General Laws, chapter 51, section 26, provides that the registration of voters in every city shall cease at 10 o'clock in the evening on the twentieth day preceding the biennial State election and the annual city election, and in every town registration shall cease at 10 o'clock in the evening on the Saturday last but one preceding the biennial State election and the annual town meeting. As registration on the Saturday last but one preceding the biennial State election and the annual town meeting does not give sufficient time for the proper performance of the duties required by law in connection with such registration, and as the difference in time for the closing of registration in cities and towns causes much confusion among persons who desire to be registered, I suggest that the time at which registration shall cease shall be the same in cities and towns, viz., at 10 o'clock in the evening on the twentieth day preceding the biennial State election and the annual or biennial city election and the annual town meeting.

Section 27 of said chapter 51 provides that the registrars shall hold at least one session in every city or town on or before the Saturday last preceding a primary, except a primary preceding a special election. For the reasons stated above, I recommend that the law be so

amended as to provide that the last session for registration shall be held on or before the twentieth day preceding a primary, except a primary preceding a special election, and that registration shall cease at 10 o'clock in the evening of the twentieth day preceding a primary.

8. General Laws, chapter 53, section 117, provides that a caucus, other than that of a political party at which at least twenty-five voters participate and vote therein, may be held in any representative district for the nomination of a candidate or for the election of delegates to a convention to nominate a candidate for Representative in the General Court. This provision makes it possible for any candidate for said office, defeated at the State Primaries, to be nominated after the last day for filing independent nomination papers, and have his name printed upon the official ballot at the State election. Believing that this was not the intention of the General Court, I respectfully recommend the repeal of said provisions.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW.

Under the provisions of chapter 55 of the General Laws there were received from candidates for nomination a total of 1,149 returns, of which 25 were irregular and therefore were transmitted to the Attorney-General; 93 failed to file returns. There were 316 returns of no payments, and 19 payments to political committees amounting to \$5,758.98.

There were received from candidates for election a total of 697 returns, of which 8 were irregular and therefore were transmitted to the Attorney-General; 49 failed to file returns. There were 222 returns of no payments, and 201 payments to political committees amounting to \$27,997.73.

NUMBER OF ASSESSED POLLS, REGISTERED VOTERS AND PERSONS WHO VOTED AT ELECTIONS.

Apparent inconsistencies in the report may be accounted for, in part, as follows:—

First.—The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second.—The number of registered voters includes persons who are exempt from taxation and therefore are not included in the number of assessed polls.

Third.—Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
